

Women in Leadership (WIL) 2019

Programme for HIGH POTENTIAL WOMEN LEADERS

'WIL is a well-designed programme that allows women to take a journey of self-discovery and leverage their leadership strengths.'

IBM Malaysia

LeadWomen has been running the Women in Leadership programme since 2014 to help with the national drive to increase female participation in senior decision-making positions. This year, LeadWomen continues to build on its experience to bring you a programme designed specifically for rising women leaders through a unique combination of workshops, knowledge sharing, peer-learning, coaching on current topics and networking

Why Join?

A PROGRAMME DESIGNED TO ELEVATE WOMEN LEADERS

This 6 month programme supports the careers of senior women in business across all industries and business sectors. It is ideal for high potential women leaders across private and business sectors and government.

OBJECTIVES OF THE PROGRAMME
