LEAD OMEN THE BOARD JOURNEY

STARTS 2 JULY 2019

Understand your role as a board director, corporate governance & financial stewardship responsibilities

Prepare for the Challenge: Board Simulation

Identify the right opportunities

The Journey Roadmap

STAGE 7: CONNECT WITH THE BOARD STAKEHOLDERS at the networking lunch

STAGE 3: Being able to provide **GOOD FINANCIAL STEWARDSHIP** at the board involves the ability to raise red flags early & focus attention on potential financial risks so as to avoid or mitigate the impact. Working through & analysing sample financials as part of group activities enhances the learning.

STAGE 5: To be included in the board is critical for new women directors. This part of the journey focuses on ways to create **PRESENCE** through the verbal & non-verbal communication using theatre techniques to demonstrate & highlight the impact of being heard & seen.

STAGE 1: Through the use of relevant **CASE STUDIES**, the programme takes delegates on a journey to familiarise them with the board structures & **ROLES & RESPONSIBILITIES** as board directors.

STAGE 6: “The Board Meeting”: The **BOARD SIMULATION** will provide an immersive experience into the real-life challenges of boards – both technical & people skills. Experienced board directors & facilitators observe the simulation & provide constructive feedback to further enhance the learning.

STAGE 2: Moving on to a clear understanding of **CORPORATE GOVERNANCE** is the next critical path for a director. Group discussion centered on case studies encourages sharing of good practices & learning on a director’s role in ensuring adherence & compliance to rules & regulations that govern an organization.

STAGE 4: The most complex part of the boardroom journey is the ability to navigate the **BOARDROOM DYNAMICS** because of the diversity – gender, age, race & thought. Gender dynamics awareness helps women communicate more effectively at the board through better understanding the culture.

Optional: STAGE 8: Create your **BOARD PROFILE** during a dynamic group coaching session over lunch to create personalised board profiles & gain deeper understanding of the recruitment process for board openings. Board recruiters share their experience in board placements & what nominating committees are seeking in potential candidates.
